NORTON GEMINI RIGHTCUT CUT-OFF WHEELS

Norton RightCut products offer the longest life and fastest cut with more stability and a narrower pass. These wheels are the best aluminum oxide option in the market for steel and ferrous metals. Operators will appreciate a comfortable cut as it quickly and easily slices through a variety of steels. You will appreciate how RightCut can cut your cost. **No other aluminum oxide wheel has all this.**

2023 PROMOTIONS

Pro Cut is very pleased to introduce HIH—CARBIDE.

Pro Cut is the exclusive local distributor of HIH and we're having great success with many chip breakers/grades of indexable inserts. BUT... the Laydown Threading inserts are really moving the needle! Carbon steel, Stainless steel or high strength/high temp alloys, HIH-CARBIDE laydown threading inserts are significantly outperforming global brands. Users are realizing 2 to 7 times edge life and chip control improvements. We have Case Studies available for your review! Call us today about HIH carbide.
